

## NEBOSH International General Certificate in Occupational Health and Safety

**DURATION:** 65 (contact) hours

**ENTRY REQUIREMENTS:** Students should have at least three (3) O' Level passes inclusive of English; or equivalent qualifications e.g. GCE O' Levels

**COURSE FEES** Course fees include registration, examination, course material and tuition fees.

### CERTIFICATION

NEBOSH Certificate qualifications are rated at Level 6 in the Scottish Credit and Qualifications Framework (SCQF). SCQF Level 6 is comparable to NQF/QCF Level 3 in England, Wales and Northern Ireland or A-level standard.

### REGISTRATION

#### Registration Requirements:

- One valid form of national identification (national I.D., passport or driver's permit) and two photocopies
- 2 Passport size pictures
- Downpayment is dependent on programme schedule chosen
- A valid email address

### WHO SHOULD ENROL IN THIS PROGRAMME?

This programme is the ideal introductory programme for you if you are interested in a career in health and safety but have little or no experience or qualifications in this field. It is also a suitable qualification for managers, supervisors and others who have health and safety obligations in their organizations but lack the skills and knowledge required.

The qualification looks at general workplace issues and can be applied in many sectors. On completion of the qualification, learners will be able to:

- justify the need for health and safety improvements;
- advise on the main duties for health and safety in the workplace;
- help their organisation to manage contractors;
- work within a health and safety management system;
- positively influence health and safety culture and behaviour;
- carry out a general risk assessment (using a 5-step approach) of their workplace;
- recognise workplace changes and their impacts and understand how to minimise these impacts;
- develop basic safe systems of work that include emergency arrangements and know when to use a permit-to-work system;
- take part in incident investigations; and
- help their employer check the effectiveness of the health and safety management system through monitoring, auditing and review.

### AWARD:

**NEBOSH International General Certificate in Occupational Health and Safety**
